UNIVERSITY OF GEORGIA

We're looking forward to your arrival! Please plan for mail and packages addressed to you to arrive after August 11. We don't have the storage to keep items and, since you are not a current resident of the space, packages will be returned to the sender.

Mailing addresses for each building can be found by choosing your building from <https://housing.uga.edu/explore-options>. Some buildings have their own mailroom, while others share a central mailroom. It's important to share the correct address with carriers so mail and packages aren't delayed.

For more information on mail and packages, check out the [DAWG BLOG](#).
