IDENTITY POLICY

Section: Public Relations

Policy: Printed and electronic publications and items must comply with the University Housing identity program listed below, which is based upon the guidelines set forth by the university at http://brand.uga.edu/

Purpose: The purpose of this policy is to create a standard identity for University Housing in support of the university’s visual brand.

Scope: This policy applies to all printed and electronic publications, as well as apparel, merchandise and marketing items, produced and/or ordered by students and staff within University Housing.

Procedure:

I. The official logos for University Housing are available for download at https://drive.google.com/drive/folders/1DjO9CzocQDgeJF-49TRHa4IKi3AN9nZy?usp=drive_link

II. Use of one of the approved logos is required in all visual representations of University Housing including, but not limited to: printed publications (excluding flyers produced by student staff to advertise individual programs), all webpages managed by University Housing staff (including the public website, The Dawg House and the work request site), slide presentations, video productions, exhibit materials, apparel items, merchandise and marketing items produced by staff and student employees of University Housing.

III. Items ordered by and paid for by Residence Hall Association (RHA) and National Residence Hall Honorary (NRHH) do not require the housing logo, but must follow the steps listed in section VI because they include a trademarked organization logo. Items ordered by hall or community councils must include a housing logo.

IV. All business cards, departmental letterhead, envelopes and stationery must include the formal version of the housing logo and must be ordered from Tate Print and Copy to ensure compliance with the division’s and housing’s identity policies.

V. Trademark approval process
   A. All merchandise, apparel and marketing item designs must be approved by the housing assistant director for communications and the UGA Office of Trademark Management. Therefore, before ordering, printing or producing items for external audiences with logos, staff must adhere to the following protocol.
   B. Items must be purchased through an approved vendor. A list of approved vendors can be found at: https://brand.uga.edu/trademarks-and-licensing/#compliance-review-and-approval
   C. Requestor submits vendor proofs and the University Trademarks and Logos Form to the housing assistant director for communications via email no fewer than three working days before the vendor requires approval. The University Trademarks and Logos Form is located at https://brand.uga.edu/wp-content/uploads/uga-logo-approval-form.pdf
D. For items submitted for approval with a turnaround of less than three working days, requestor must submit approvals through the supervisory chain.

E. The assistant director for communications routes the proof and form to UGA’s Office of Trademark Management.

F. The assistant director for communications confirms approval via email to the initiating of the request.

G. Requestor forwards the approval to the vendor to begin production.

VI. Athletic marks (listed at https://brand.uga.edu/trademarks-and-licensing/) are reserved exclusively for use by the UGA Athletic Association. Use of bulldog imagery on housing items is an additional step of approval by UGA Athletic Association through the trademark approval process listed in section V.

VII. Logo requirements
A. Consult https://brand.uga.edu/logos/ for university logo guidelines. The logo cannot be modified or altered in any way. It cannot be skewed, shortened, lengthened, stretched, condensed, colors or fonts changed or cropped. No other images may obscure the logo or be printed across the logo in any manner.

B. The logo should always be reproduced from high-resolution (300 dpi) digital files in order to maintain high quality. Reversed logos (light or white logo on a dark background) should be used only within a field of color, not as a stand-alone element. The arch in the logo is always white.

C. The logo must be reproduced in official colors. The printer's ink specification for the logo is PMS 200 Red and 100 percent black. The red may also be produced as follows: 3% Cyan + 100% Magenta + 70% Yellow + 12% Black or hexcode BA0C2F.

VIII. In addition to the logo policy, all housing staff must comply with the style guide included as an addendum to this policy (Appendix I). The University Housing Style Guide is based upon the University of Georgia Style Guide (https://brand.uga.edu/writing-style/styleguide/) and the Associated Press (AP) Style Guide and applies to all webpages managed by University Housing staff, including the public website, The Dawg House and the work request site, as well as all publications produced by University Housing staff, whether for internal or external audiences.

IX. Newsletters and e-newsletters for both internal and external audiences should include a branded University Housing logo header at the top of the first page. Consult the housing assistant director for communications for the creation of newsletter headers.

X. Commonly used UGA logos, fonts, photos, and templates for resident emails and signs are available at RPS PR resources.

XI. Staff email signatures must comply with the University’s visual identity guidelines. Housing staff email signatures must contain the following information: name, the words “University Housing,” title and a phone number. Staff are encouraged to use the university’s email signature builder at http://brand.uga.edu/email-signature-builder/. Social media links should refer to University Housing social media accounts.
As noted in the university’s policy, email signatures may not contain any message or tagline of a personal nature.
