PETS

Section: Residence Halls

Policy: Residents may have fish in properly maintained aquariums of 20 gallons or less.

Purpose: The purpose of this policy is to define the pet policy for all University Housing residents.

Scope: This policy applies to staff (except full-time, live-in staff), residents, visitors and guests of University Housing. For information regarding ESAs (Emotional Support Animals) see that specific policy.

Procedure:

I. Fish in aquariums of 20 gallons or less are the only pets approved in residence halls.

II. Aquariums must be properly maintained and meet Underwriters Laboratories (UL) standards.

III. Each resident is permitted no more than one aquarium.
