

TRANSPORTATION DEVICES

Section: Residence Halls

Policy: Guidelines have been established for proper bicycle, transporting devices (such as scooters, skateboards, hoverboards and Segways) and motorized bicycle storage.

Purpose: The purpose of this policy is to provide clear and safe guidelines for transportation device use and storage in and around residential facilities.

Scope: This policy applies to staff, residents, visitors and guests of University Housing.

Procedure:

- I. Non-combustible bicycles and transporting devices
 - A. Non-combustible bicycles and transporting devices may only be stored in student rooms, bicycle storage facilities or on bike racks and as long as storage is not impeding an egress.
 - B. Non-combustible bicycles and transporting devices may not be operated or stored in hallways, stairwells, kitchens, lobbies or any public area inside the residence halls.
 1. Any bicycle or transporting device secured to an unapproved location or left in an unapproved location inside or outside of the residence halls will be removed and subject to the Lost and Found and Abandoned Property Policy.
 - C. Non-combustible bicycles should only be attached to approved university bicycle racks and should not be fixed to any other object.
 - D. Non-motorized transporting devices may not be charged in any location in the residence halls other than student rooms.
 - E. Non-combustible bicycles and transporting devices should never impede an egress.
- II. Motorized Devices
 - A. Motorized devices with a combustible engine are not permitted inside residence halls due to fire safety concerns. In addition, these vehicles should not be parked near or against a building.
 - B. Motorized devices with a combustible engine found parked in a non-designated area may be towed at the owner's expense.
 - C. Information on parking permits and parking spaces for motorcycles and scooters on campus can be found at <https://tps.uga.edu/parking/rates/>.
 - D. Residents who require a motorized device as a medical accommodation should register their accommodation with the Disability Resource Center.
