Scheduling Sanctions

● When assigning deadlines, schedule the due date for either the 1st or 15th of the month

Documenting Complete Sanctions

● Students may submit documentation in person to the office or via postal mail, fax, or email – NOTE: Original copies are not necessary
  ○ When documentation is submitted in person or via postal mail or fax, the Administrative Assistant will upload the sanction to the child case and inform the Hearing Officer
    ■ In the event that the student delivers the documentation to the office and the Administrative Assistant or a student worker is not available, see Receiving Sanctions (Admin)
  ○ If the documentation is delivered directly to the Hearing Officer via email,
    ■ Upload the document to the child case in Advocate
● Redact any information that should not be saved, such as impertinent medical information, Social Security Numbers (SSNs), or student ID numbers
● Mark the sanctions as complete in Advocate (see Appendix I for instructions)

Extending Deadlines

● When students request deadline extensions, carefully examine whether the request is reasonable and/or warranted, then use discretion in determining whether the deadline will be extended
● In the event that a deadline extension is granted,
  ○ indicate the new deadline date in Advocate (see Appendix II for instructions)
  ○ add a note in the notes section in Advocate indicating the extension (see Appendix II for instructions)

Tracking Past Due Sanctions

● Check for any incomplete sanctions in Advocate on each business day following the 1st and 15th (see Appendix III for instructions)
● Make a list of students with past due sanctions
● Work with each case to determine if the sanction is in fact past due by checking for any notes in the child case
● If the deadline should have been extended based on a note in the student’s case, see Extending Deadlines above
● If the student has past due sanctions, place a hold on the student’s record (Appendix IV)
NOTE: In the case of placing a hold on a student's record for incomplete sanctions, below is an outline of the attempts that must be made to contact the student to before case is Close Flagged/Hold.

- Initial hold notification sent one business day after deadline in Advocate (See Appendix V)
- Hold reminder notification sent 1 month after last missed “active” sanction deadline (probation not included)

See Close Flagging in the event that the student still has not completed the past due sanction(s) the next time incomplete sanctions are reviewed.
